The movie ran in theatres from 17 January 2015. Plot The film begins with a flashback to 25 years ago. Ajay Bhagwat (Nayan Jadhav) and Priya Bapat (Priya Bapat) are watching a movie. Ajay's sister, Reena (Taneya Mathur), is seen to get into an accident and is rushed to the hospital, where she is admitted. On the eve of Ajay's wedding, while he is talking to his friends, there is a knock at the door. It is his father, who is not well and has lost his memory. He is taken to the hospital, where he is diagnosed with Alzheimer's. Ajay and his father hardly get to know each other. Ajay tells his father that the police have accused Reena of his brother's murder. The wedding is set for the next day. Ajay is not ready to face the reality of his father's condition. He tells Reena that he is going back home as he cannot handle his father's condition. Priya accompanies Ajay to his parent's house. Priya gives good news to his parents. Ajay's mother welcomes her with a warm welcome. At the end of the wedding, Ajay and his parents go for a drive in a car. His father gets the car stuck in a sandstorm. He yells at Priya for being at the wedding and tells her to return home. Ajay comes home to hear of his father's condition. He questions his mother, who tells him that Reena's mother is also not well and she is not at home. Ajay finds that Reena has left for Bombay. Ajay wants to visit Reena at her parents' house. Reena's mother tells him to not visit her as she is unwell. She says that she will tell Reena to meet Ajay at the airport. Reena gets off the flight. Ajay follows her to the airport. He tells her about his father's condition. He asks if she will marry him. Reena tells him that his father cannot remember anything, and he might just say yes to anyone. Ajay asks Reena to marry him as soon as he gets his father's condition under control. Reena agrees. Ajay's father and Reena become close friends. 82157476af
